

WEBSITE INFORMATION - COOKIES

In compliance with art. 13 of the privacy code (Legislative Decree no. 196/2003) and the new EU regulation 679/2016, this information is made known to users who use the site www.diemmefood.com

What are Cookies. Cookies are text strings that a website can send while browsing, to the connected device (PC, smartphone, tablet, etc.) are usually stored on the browser or in the device's memory. The website that transmitted them can read and use cookies from the device to obtain various types of information. There are different types of Cookies, with different specific functions, essentially cookies can be classified into two basic categories: Technical Cookies and Profiling Cookies.

Technical cookies are necessary for the proper functioning of the site and to allow navigation. Without these cookies it could happen that the pages are not displayed correctly or you may not be able to access some services, such as requesting information or being able to download catalogs or other informative material. An example of a technical cookie is the one that allows the user to store language settings and other display preferences.

Profiling cookies, on the other hand, are more targeted and store preferential user data in order to send advertising messages in line with these preferences.

Cookies to integrate third-party software products and functions. This type of cookie integrates functions developed by third parties within the pages of the Site such as icons and preferences expressed in social networks in order to share the contents of the site or for the use of third-party software services (such as software for generate maps and additional software offering additional services). These cookies are sent from third-party domains and from partner sites that offer their functionality on the pages of the Site.

How can I manage cookies within my browser. The user can manage preferences relating to cookies directly within their browser and prevent, for example, third parties from installing them. Through the browser preferences it is also possible to delete the Cookies installed in the past, including the Cookie in which the consent to the installation of Cookies by sites is eventually saved. It is important to note that by disabling all cookies, the operation of some pages or the entire site may be compromised.
